

Energy-related partnering opportunities

December 2025

Renewable energies

Business Offer BOPL20251205014

[Polish industrial platform offers integrated hydrogen technology solutions to support green energy transition](#)

Technology offer TOGB20251208023

[UK deep geothermal company, specializing in granite and sedimentary basin wells, seeks energy intensive users \(over 2MW\) to identify and develop suitable deployment sites.](#)

Business Offer BOLV20251218015

[A company from Latvia is looking for buyers and partners, processors, brokers, biodiesel producers, blenders, feed manufacturers, and other companies in biofuels, bio heating, and bioproduct industries.](#)

Business Offer BOMK20251223013

[Macedonian company offering monocrystalline and polycrystalline photovoltaic modules and photovoltaic thermal solutions for international distribution and project partnerships](#)

Business request BRMK20251223026

[Macedonian solar energy company seeks international suppliers of high-quality photovoltaic panels, inverters, and battery storage solutions](#)

Other topics (energy conservation, storage, distribution, etc.)

Technology offer TOIT20251204010

[Italian SME with patented hydrofoil-assisted electric RIB \(Rigid Inflatable Boat\) seeks shipyards for co-development and international expansion](#)

Business Offer BOPL20251205009

[Polish SME offers industrial artificial intelligence controller to optimise energy use in pump and compressor systems](#)

Business Offer BOTR20251119004

[Turkish SME Developing Modular Low-Wattage Heating System with Dual-Phase Technology Seeks Joint R&D Partners](#)

Technology offer TOAT20251112008

[Aerodynamic pads for commercial vehicles enabling energy and CO2 savings - Austrian SME seeks partners for licensing and further development](#)

Business Offer BOFR20251203024

[French manufacturer of bio-based insulation materials, for thermal and acoustic insulation, produce from used recycled textiles is looking for distributors and commercial agents in Spain.](#)

Business Offer BODE20251127011

[Company of southern Germany offering styrofoam window seals for mobile air conditioning units seeks distributors/resellers and investores to enter into commercial and investment partnerships](#)

Technology offer TOGR20251209002

[Greek company offers CO₂ sequestration solution based on Arundo Donax cultivation.](#)

Technology offer TONL20251209004

[Dutch Greentech startup that develops advanced indoor air quality devices and an AI-driven indoor climate intelligence and energy optimization platform is looking for collaboration with research and innovation partners for validation projects](#)

Technology offer TOIT20251210016

[Energy Analytics System \(EAS\) for industrial utilities consumption monitoring](#)

Business Offer BODE20251015018

[German Company Offers CHP Systems and Smart Energy Control, Seeking Distribution and Maintenance Partners in Europe.](#)

Business Offer BOTR20251218026

[A Türkiye-based SME insulation materials manufacturer offering comprehensive thermal, acoustic, and fire-resistant insulation solutions and seeking international distributors and commercial partners.](#)

Technology offer TOGB20251219013

[Innovative multi-sensor technology for early detection of thermal runaway and enhanced battery lifecycle management](#)

Business Offer BOTR20251219018

[Turkish provider of cogeneration, trigeneration and heat recovery systems seeking industrial partners](#)

Business request BRMD20251230002

[A Moldovan company seeking a partner in a public works procurement procedure concerning the implementation of energy efficiency measures for a Public Institution in the Republic of Moldova](#)

Business Offer BOLV20251230006

[The Latvian subsidiary of a Finnish energy production and infrastructure developer company is looking for partners and customers](#)
