

# **Energy-related partnering opportunities**

January 2026

## Renewable energies

Business Offer BOPL20260119021

[Polish startup turns every smartphone into a portable solar engineering tool. App delivers up to 38% yield in 1 minute with complete, decision-ready PV design blueprint, while installers win with faster proposals, higher trust, and more revenue](#)

Business Offer BODE20260123019

[A German SME provides precise and reliable renewable energy forecasts powered by AI.](#)

## Other topics (energy conservation, storage, distribution, etc.)

Technology offer TOCH20260106008

[Accredited, state of the art laboratory for testing and research in heating, ventilation, air conditioning, acoustics and advanced building energy technologies](#)

Technology offer TODE20260116005

[German University of Applied Sciences looking for partners to build up a consortium and apply to the HORIZON-CL5-2026-05-D5-01 call: Large-scale demonstration of Heavy-Duty Battery Electric Vehicles \(HD BEV\) towards long-haul logistics operations \(2ZERO\)](#)

Technology offer TODE20260116009

[German University of Applied Sciences is looking for partners to build up a consortium and apply to the HORIZON-CL5-2026-05-D5-02 call: Energy-Efficient Software-Defined Electric Vehicles \(2ZERO Partnership\)](#)

Technology offer TOES20260128004

[Rural foundation from the Catalan Pyrenees specialised in social and labour inclusion and sustainable forest management seeks collaboration through EU-funded programmes](#)

Technology offer TOFR20260130020

[French SME who develops an advanced steam gasification process to refine mixed and unpredictable organic \(biogenic and plastics\) waste streams into Hydrogen and pure CO2 for carbon-based products is looking for R&D or demonstration partnerships](#)

Research & Development Request RDRNL20260113004

[Dutch SME developing an advanced battery management system for extended battery lifetime & capacity seeks European Partners for Eurostars R&D Project.](#)

Business Offer BOPT20260113010

[Portuguese developer of certified cast-iron pellet stove technology seeks industrial buyer for acquisition and integration of brand and projects.](#)

Business Offer BOUA20260115013

[Ukrainian provider and operator of smart electric vehicle charging solutions](#)

Research & Development Request RDRTR20260115002

[Urgent: A Turkish company seeks a technology partner for membrane development for lithium extraction from geothermal brines \(Eurogia Call30\)](#)

Business request BRFR20260115014

[French EV Charging operator looking for industrial / financial partnership after securing 2M€ investment for scaled deployment across periurban / rural areas.](#)

Business Offer BODE20251030018

[German company offers digital twins for municipal heat planning and energy system modelling for technical and economic evaluation of district energy transformation towards net zero](#)

Research & Development Request RDRDE20260116008

[HORIZON-CL5-2026-04-Two-Stage-D3-02: Industrial & research partners sought for plasma-enabled, electricity-driven production of ammonia and urea from air and captured CO<sub>2</sub>](#)

Business Offer BOCZ20260121008

[Advanced wireless lighting control technology for energy-efficient public and commercial infrastructure](#)

Research & Development Request RDRDE20260122016

[German University of Applied Sciences is looking for partners to build up a consortium and apply to the HORIZON-CL5-2026-03-D3-19 call: Affordable and sustainable primary equipment for Future-Ready multi-terminal HVDC](#)

Research & Development Request RDRTR20260126015

[A Turkish industrial company specialized in construction materials, particularly ceramics, is interested in joining consortia for the call of HORIZON-CL5-2026-09-D4-08](#)

Technology offer TODE20260108017

[German SME producing high-grade, ultra-thin lithium films, enabling high-performance and cost-effective batteries seeks commercial partners for product development & research projects within Horizon Europe funding programmes.](#)

Research & Development Request RDRNL20260130010

[Consortium seeking Ukrainian partner for off-grid renewable energy storage for data centres \(CL5-2026-03-D3-21\)](#)
